Circle Of Grace Program

Out of concern for all God's people and in response to the United States Conference of Catholic Bishops' Charter for the Protection of Children and Young People, we have a program, "Circle of Grace" for the safe environment education of children and young people supported and mandated by Bishop Robert Vasa. Circle of Grace aims to help children and young people to understand their own and other's dignity in mind, body and spirit. Adults, especially parents, as they strive to provide a safe and protective environment, hold the responsibility to help children and young people understand and respect their own dignity and that of others. A truly safe and protective environment is one where children and young people recognize when they are safe, or unsafe, and know how to bring their concerns, fears, and uncertainties to trusted adults in their lives.
